Cookies used in Skybill.eu.

Cookie name	Cookie description
ASP.NET_SessionId	Active Server Page SessionID contains a unique identifier that can be used to maintain user sessions across different page loads.
NOPCOMMERCE.AUTH	Forms authentication cookie. It is a container for form forms authentication ticket. The ticket is passed as value of the forms authentication cookie with each request and is used by forms authentication, on the server, to identify an authenticated user.
Nop.customer	Unique identifier that is used to maintain guest session across different webstore page loads. To store customer authentication information.
__RequestVerificationToken	Microsoft ASP.Net anti-forgery cookie. It guarantees that the poster is the one who gets the form (prevents CSRF attack).
DSID	We also use third party cookies named 'AID,' 'DSID,' and 'TAID', which are used to link your activity across devices if you've previously signed in to your Google Account on another device. We do this to coordinate the ads you see across devices and measure conversion events. These cookies may be set on the domains google.com/ads, google.com/ads/measurement, or googleadservices.com. If you don't want the ads you see to be coordinated across your devices, you can opt out of Ads Personalization using Ads Settings.
IDE	We also use third party cookies for advertising we serve across the web. One of the main advertising cookies on non-Google sites is named 'IDE' and is stored in browsers under the domain doubleclick.net.
_gid _ga _dc_gtm_<id>	We also use third party Google Analytics cookies to track users as they navigate the website and help improve the website's usability.
TawkConnectionTime	We also use third party cookie that remembers you so that we can link chat conversations together to provide a better service. See https://www.tawk.to/privacy-policy/ for more information.
_gat_UA-<id> or optimizelyEndUserId _ga _gid _gcl_au	We also use third party cookie that tracks conversion rates from Capterra. See https://www.capterra.com/legal/privacy-policy/ for more information.

If you want to, you can disable cookies from your browser and delete all cookies that are stored on your computer.

Log data.

When you go to a web site, web servers log your interaction with the site in something called a log file. Standard log files like ours contain basic information like what time what pages were viewed, and the IP address of the visitor. We use this information to analyze trends, administer the site, track user's movement, and gather broad demographic information for aggregate use in our server statistical reports. We make no effort to identify IP addresses with individual users. It is our policy to delete log files after a 5 year period or sooner.

Subscription & Registration

Users who subscribe to **SkyBill** are asked for certain personal information. This information is used only to authenticate users to process credit card payments. Your email address is used to deliver the subscription newsletter and subscription renewal notices. We do not sell or share our mailing lists or other personal information on our users with others. We will not answer inquiries whether any particular individual is a SkyBill subscriber.

Subscriber Login.

Whenever you log in as a subscriber, we log your userID, password, IP number, and user-agent string provided by your browser. This information is logged to facilitate troubleshooting of the log-in process, as well as to be able to monitor instances of abuse of the subscription system. It is our policy to delete the log files after a period of 5 years or sooner.

Changes to this Privacy Policy

If there are any changes to this privacy policy, we will replace this page with an updated version. It is therefore in your own interest to check the "Privacy Policy" page any time you access our web site so as to be aware of any changes which may occur from time to time.

Security

The security of Personal information is important to us, but remember that NO method of transmission over the Internet is 100% secure. While we strive to use commercially acceptable means to protect your Personal information, we cannot guarantee its absolute security.
